## TC7.2cc Team Kit 1:10 4WD Competition Collector's Clear Edition Kit

#30140

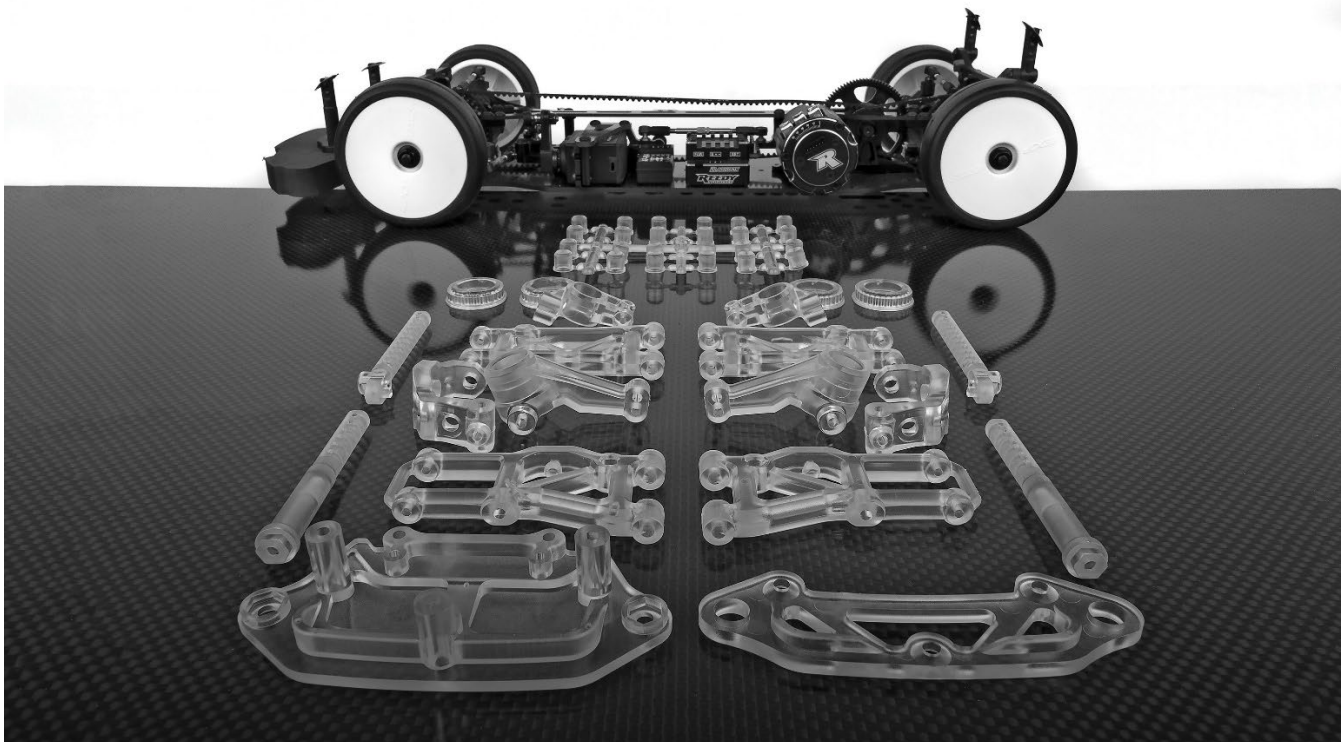

ELECTRIC ▪ ON-ROAD ▪ 1:10 SCALE ▪ 4 WHEEL DRIVE ▪ KIT

### Champions by Design

To commemorate one of Team Associated's most successful 4WD on road touring car platforms, we are proud to announce the TC7.2cc Collector's Clear Edition Kit.

This kit offers RC collector's\* the ability to build the successful 1:10 scale touring car platform in iconic polycarbonate clear material.

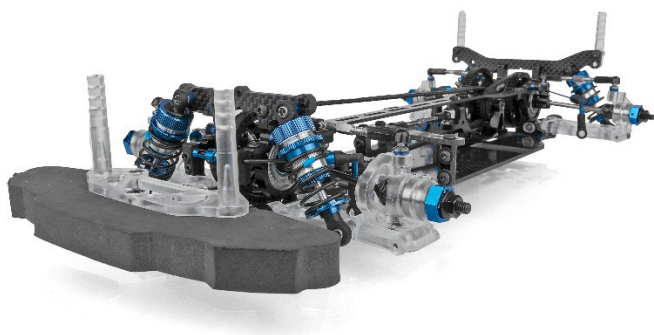

This clear car edition includes great features you remember from the RC10TC7.2. The TC7.2cc is designed for optimal build experience, and this clear car edition kit is a true gem for both collectors\* and racers alike.

\*While clear parts are stronger than SLA and could be driven, it was manufactured as a display piece for your collection. The polycarbonate clear components will only be available in the kit. They will not be sold individually.

## FEATURES

- Clear Polycarbonate molded designer material
- Ultra-precise rear gear diff for maximum performance
- Ultra-light weight front spool with replaceable hardened steel outdrives
- One-piece IFM (Inline Flex Mount) motor mount system
- New battery mounting system for greater adjustability
- Bearing caps with integral camber link mount for ultra-fine link length adjustments
- Floating servo mount
- Narrow chassis shape with optimized flex characteristics
- PCS (Pitch Control System) option to further adjust chassis flex characteristics
