

For Immediate Release: March 2025

New FT Parts for the DC10

#72257-72258 DC10 FT ALUMINUM WHEEL HEXES

Introducing the new 6.5mm and 8.5mm FT aluminum wheel hexes for the DC10 platform! Use the included set screw to lock down your wheel hex to reduce the chances of the wheel pin falling out. This upgrade provides a nice blue finish with a post-operation chamfer that shines silver while also allowing for an easier offset change.

#72257 – 6.5mm

MAP: \$15.29
MSRP: \$17.99

Barcode: 784695722576

#72258 – 8.5mm

MAP: \$15.29
MSRP: \$17.99
COO: Tiawan
Barcode: 784695722583

#72259 DC10 FT ALUMINUM BULKHEAD A

Factory Team is excited to add some extra style to your DC10 vehicle. This upgrade retains the same geometry while changing the overall look of your front end. The post-operation chamfer adds a bit of silver to enhance the overall appearance and elegance of the part.

#72259 - Aluminum Bulkhead A

MAP: \$15.29
MSRP: \$17.99

#72261 Aluminum Steering Post Mount

MAP: \$9.99
 MSRP: \$9.99
 COO: China
 Barcode: 784695722613

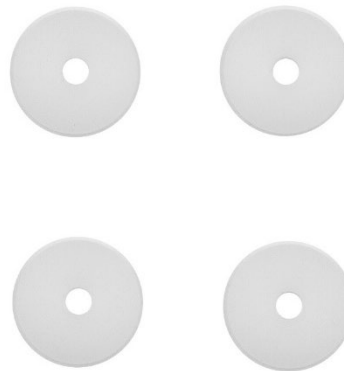

#72265 DC10 FT MACHINED SHOCK PISTONS, BLANK

The DC10 FT machined shock pistons allow for increased adjustability. These pistons have indicators in them to allow for easier and more precise drilling. Unleash new driving characteristics by changing hole sizes as well as the number of holes, expanding on the kit 4 x 1.0mm holes. Please note that these pistons will need to be used in conjunction with precise drill bits to achieve the desired hole size.

#72265 Machined Shock Pistons

Barcode: 784695722651
 MAP: \$15.29
 MSRP: \$17.99

#72266 DC10 FT MACHINED SHOCK SPACERS w/ SEALS and #72267 DC10 FT SHOCK BODIES w/ GENUINE KASHIMA COAT

New FT Kashima coated shock bodies and machined shock spacers with seals for the DC10. Level up the look and feel of your car to unlock the smooth and consistent characteristics of these products. Carefully machined shock spacers ensure a snug fit while still giving you the smooth and free feeling a shock needs to operate properly. Pairing this with Kashima shock bodies ensures a lower coefficient of friction for precise operation.

#72266 – Machined Shock Spacers w/ Seals

MAP: \$9.99
MSRP: \$9.99
COO: Taiwan
Barcode: 784695722668

#72267 – Shock Bodies w/ Genuine Kashima Coat

MAP: \$50.99
MSRP: \$59.99
COO: Taiwan
